Workers' Compensation Group Rating Programs Help Employers Save Significant Premium Dollars

Now is the time of year for you to begin planning for your workers' compensation future. Many companies are probably sending you information about their programs. While they may be able to save you money in the short term, they often lack the quality comprehensive customer service and program stability that helps to ensure continued long term group rating discounts. Through the Buckeye Workers' Compensation Alliance, CareWorks Consultants, Inc. (CCI) offers a level of service and satisfaction unmatched by any other third party administrator (TPA) in the industry.

If you are currently in another group rating program, you should compare your savings and program quality to the Buckeye Workers' Compensation Alliance group rating program administered by CareWorks Consultants. Find out for yourself why organizations choose and remain with CareWorks Consultants.
